the city can find gentle nursing and appropriate medi-cal attendance. Our treatment in Chronic Diseases consists of Water Electricity, and the most effective medicine and Homospathy in all Acute and Febrile Diseases, and in all cases our charges will be modeate and to suit the times.

The institution is located in a field of 17 acres, con

of the city.

As far as regards our success in practice in the healing art, we will only say we have now been in Nashville one year, and our register will show the names of over 150 patients, treated for various diseases, most of them hopless cases of Chronic Diseases, and 31 of whom were confirmed cases of Consemption, and out of the whole number of 150 odd cases treat-ed, only 6 have died, all of whom were given up as appeless before I saw them, and every one of the rest have been cured, or at least greatly benefitted. For the protection of others, we can receive into this institution no patients having contagious diseases but will attend to such at other places. Family prac-

Office hours from 8 to 10 e'clock A. M., and from 1 to 3 o'clock P. M., every day except Sunday. At all other times I can be found at the Electric Water Cure Though we are opposed to publishing certificates to show that we can control diseases supposed to be in-curable, we will re-publish the following letter of a

well-known citizen to the editor of the Republican Banner, of Dec. 30th, 1860: Mr. Enror: Having been afflicted for some months past, as is known by my many acquaintances, with an attack of paralysis, and having received a benefit so decided from the use of electrical baths, given me by Dr. Westervelt, I have thought it due to those similarly situated with myself, to make this publication. I was decidedly convalescent when I began to use the baths, but the benefit derived from them has been so positive that there could be no mistaking the cause. I am now able to use my fingers and my arms, which were entirely helpless, almost, if not quite, as well as

The common belief that much of the uncertainty of Medical Practice arises from the bad quality of Medical substances, seems to acquire caily confirmation. Through faulty preparation and commercial competition, many preparations formerly regarded as of primary importance are gradually going out of use, while others produce effects and cause accidents that do not properly belong to them as described in the Pharmacopea. New remedies, as suggested and offered for trial are often found so imperfect, and varying so much in chemical character and strength that they are either condemned or received upon false premises, both equally at variance with the proper progress in therapeutics; whist most practitioners daily feel that the Materia Medica is not rich enough either to lose its old remedies, or to sacrifice opportunities of acquiring new ones. A proper appreciation of these facts warrant the Subscribers in manufacturing and vending none but First Class Standard Preparations, with direct reference to the necessities of the profession and the requirements of the Pharmacopes. Cur Chemicals, Powders, Tinctures, Essential Oils, and in fact all of our Medicinal Preparations are selected and compounded with a view to the quality only, without regard to price. In Periumery, Variety Goods, Patent Nostrums, &c., we endewor to please all tastes.

MR. DOLBEAR Will teach a new class in this useful Art, from 7 to 9 at night, in Kirkman's Buildings, on Sum mer street. New Pupils will be received in the class during the present week. The class will be taught by the use of such tions as will lessen the labor of the suited the age of flat boat and mule cart travelling; but the age of steamboats and railroads requires the Pennot to waste seven-eighths of the time of the writer. The people of Nashville have paid dearly for being grossly deceived in regard to the utility of this art, and the ease with which it can be learned, but for which deception the pupils of the Public Schools might have had its advantages free of expense, instead of having the Schools the theater of private speculation, under the sanction of "the place-men of education."

TAKE pleasure in announcing to my old friends and constomers that after an absence of two years, I have again returned to resume the practice of the PHOTOGRAPFIC ART in al' to branches, having purchased the interest of myt rother in the old established Gallery in Union street, and having spent four months in New York the past Summer to obtain fully all the late improvements in the art. I have painted, renovated and enlarged the suite of Rooms throughout. That my facilities are now better to produce first-class work than most Galleries can boast of, and conduce to the comfort of our patrons. I trust not only to sustain the proud position the Gallery has heretofore sustained, but to elevate it to a still higher standard. I have also engaged the services of Mr. COOK, one of the best Photographers in the world, who took the Pictures which obtained the first premium at the World's Fair in London, in 1851, and I am determined not only to make this the leading Gallery in the State, but my work shall not be surpassed North or South, and now introduce to the public the following new styles:

tyles: Imperial Phothgraph, India Ink, Vigenette, plain or colored, Ivorytypes, Pastel Portal Pictures, life size, Pastel Portal Pictures, life size,
Photographs on Canvass, life size,
Visiting Cards, full length plain,
Autograph Photographs, 18 taken at one sitting.
Stereoscopes, on glass or paper,
I still continue to make the Melainetype and Ambrotype as heretofore. The above styles are all entirely new in this city, except the Autograph Card, when but one made at a sitting. Ill who are in want of anything in my line are politicly invited to give my a call before visiting elsewhere, when I will prove by occular demonstration the above facts.

Respectfully.

F. N. HUGHES.
